1. No Soviet troops were seen in Bydgoszcz (P 54/S 84) on 2 or 6 September 1950.
2. The Biedaszkowo military airfield, located on the southwestern edge of the town, had a WNW-ESE concrete runway which was from 1 to 1½ km long. * Fifty low-wing monoplanes with in-line engines and three-bladed propellers, and twin-engine aircraft with three-bladed propellers, double rudder assemblies and the lower part of the nose compartment made of plexiglass were seen at the field. **
